Delivering GameChanging Leaders

Retained Executive Search Firm, Top Gun Ventures, Conquers Disruptive Technologies and New Business Models in the “New Normal”

Dallas, TX – 3.30.21 – Top Gun Ventures, an advisory and retained executive search firm, announces today the launch of new brand messaging, logo and website. This launch captures the firm’s long track record of success in placing GameChanging Leaders into organizations to help them reach their business objectives in transformative, unpredictable and opportunistic markets.

Top Gun Ventures is focused on the needs of organizations driving or encountering new business models and disruptive technology. The firm specializes in recruiting senior executives able to help organizations accomplish ambitious goals, overcome difficult challenges, or explore new strategic directions. They help both established and emerging companies win the escalating talent war by identifying and attracting leaders who will go beyond the status quo and take their companies to the next level of growth. Top Gun Ventures and its dedicated Partners, bring decades of experience delivering and assimilating GameChanging leaders and, working collaboratively with their client companies, know first-hand how to help companies reach their endgame and attain commercial success.

Founded in 2002, the firm is comprised entirely of partners with real-world, executive level, hands-on experience in multiple industries.

By combining a laser-like focus on client success with a unique, partner-executed process, powerful industry specialization, and unsurpassed accountability, Top Gun Ventures has reimagined the impact that executive search and GameChanging Leaders can have on an organization’s aspirations and growth. This brand update is a reflection on their commitment for solving the future challenges facing all companies seeking to deliver exceptional results.
